

# Lied with a Ribbon

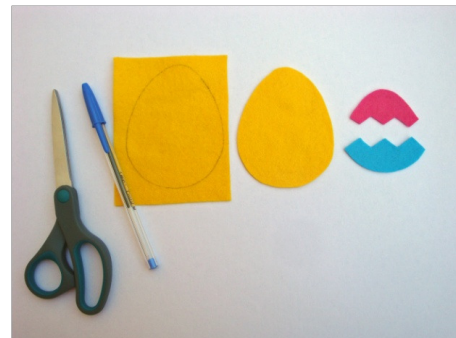

## Easter Egg Ornament Tutorial

### Requirements

- 16cm x 10cm piece yellow felt
- 6cm x 4cm piece of pink felt
- 7cm x 4cm piece of blue felt
- 14cm ribbon
- 3 buttons
- Co-ordinating cotton thread
- Toy filling

Step 1 – Print and cut out Pattern pieces onto paper. Trace or cut around the egg pattern and top and bottom pattern pieces onto the felt. Cut out the felt shapes.

Step 2 –Take one of your egg pieces and with your co-ordinating cotton thread sew a running stitch along the zig zag edges only of the top and bottom piece, through both layers.

Step 3 – Sew your buttons into position. You could alternatively sew a piece of ribbon through the centre or use brads to decorate your egg

Step 4 – Take the ribbon and fold in half. With the second egg piece place the folded ribbon into the centre at the top and sew into place with cotton thread.

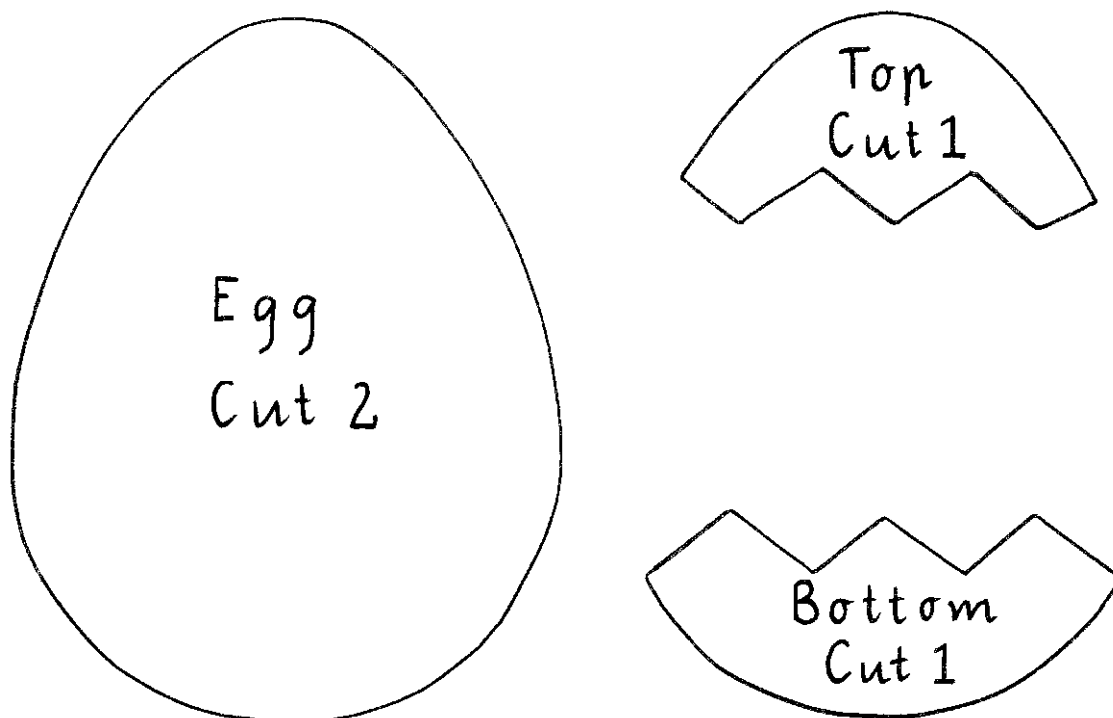

Step 5 – Place your front and back egg pieces together (with the ribbon in between the layers). Sew around the outside of your egg, using running stitch with your coordinating cotton thread through the two layers.

Step 6 – Stop about 2cm before the place where you started and stuff your egg using the toy filling. Sew closed.
